

## Cruise Suspensions Due to COVID-19

---

American Cruise Lines is monitoring the spread of COVID-19, including the most recent increase in many states around the country, and remains committed to the safe operation of each of its ships. Working with local, state, and federal officials, we have formulated our [Covid-19 Operating Protocol](#) to mitigate risk, prevent infection, and respond to any situation.

The disruptions caused by COVID-19 have necessitated that we suspend cruises through August 19 of this year. Additional cruises in certain regions have also been suspended and guests and their travel advisors have been notified.

**Affected guests with a reservation at the time of suspension will receive their choice of Cruise Vouchers equal to 125% of all Amounts Paid, or a full refund of all Amounts Paid. For reservations made with Cruise Vouchers and for Cruise Voucher details, please [click here](#).**

Guests are asked to make a selection within ten days of notification of the suspension. If you are booked on one of these cruises, please contact us at **800-894-8570** for assistance or to make your selection.

It is our honor to show guests the most amazing destinations across this great country, but it is also our duty to operate responsibly within it. We look forward to being back on the water with you soon.
